Re: AT&T Tariff to Implement an Intrastate Directory Assistance Charge,
Docket No. 99-00757

Dear Mr. Waddell:

The purpose of this letter is to object to AT&T's request to you in a letter dated November 16, 1999, to place this matter on the Agenda for November 23, 1999. The pleading filed by AT&T on November 16, 1999, entitled Memorandum Brief of AT&T Communications of the South Central States, Inc. Opposing the Petition for Information Filed by the Consumer Advocate Division, raises issues ranging from the United States Constitution, the Tennessee Constitution, state law, and TRA Rules. AT&T, of course, is entitled to raise all of these complex issues in opposition to the Consumer Advocate Division's request for information. The Consumer Advocate Division, however, is similarly entitled to fully respond to these issues. Accordingly, this matter should not be specially placed on the Agenda for November 23, 1999.

cc: Val Sanford, Esq.

Sincerely,

Vance L. Broemel
